7:43 AM PDT 5/15/2024

Call to Order: 0801
Meeting Lead: Joshua BRICKMAN
Attendees: 23
Member Count: 71
Next Meeting: Wednesday May 29th, 2024

Highlights:

- May 1st meeting was cancelled due to scheduling conflicts and management team availability.

Old Business:

~

New Business:

- Discussion on the retirement of the OnlyOffice platform.
 - o Today is the final day CCUF will be hosted on OnlyOffice.
 - o Josh B presented the new CCUF Portal tool that is replacing OnlyOffice.
 - o All members that were previously members of the CCUF OnlyOffice site should have received an email to set up their account on the new CCUF Portal.
 - o Josh mentioned there are member count discrepancies between the OnlyOffice (71) and GitHub (14). Members are encouraged to join GitHub and follow the CC in the Cloud GitHub project.
 - o Cloud-TC members are also encouraged to join the new CCUF Portal to receive any major announcements or posts. All material however, including work projects, discussions, meeting minutes etc will continue to remain on GitHub.
- Justin F provided an update on his presentation at the CSfC conference.
 - o Lots of great feedback that Cloud is an issue in CC that needs to be addressed
 - o Anne G mentioned there was supposed to be a session discussing FedRAMP, however it was cancelled.
- Josh provided a brief update on his presentation at the CCUF virtual workshop session that occurred April 23rd-24th.
- Jade S advised that to her knowledge, there has been no update on the CCDB review of our guidance document which was submitted last month.
- Josh B suggested we potentially meet on a monthly cadence for now until we get feedback from the CCDB after their review of the guidance document.
 - o Alternatively, we can proceed with existing issues we've flagged for future discussions, such as building out the Lab Guidance sections, and potentially include other ITCs in our meetings to help them adopt our guidance into their PP's.
- Discussion on differences of CC2022
 - o Biggest changes for existing PP's include a number of extended components will now be converted to natively built in requirements.

CC in the Cloud Technical Community (Cloud-TC) – Meeting Minutes
