Old Business:

~

New Business:

- Voting period for the released of Guidance Document version 1.1 has concluded.
 - o Vote has passed with 90% approval, and 10% approval with fatal flaws reported.
 - o Total number of votes received before deadline was 10.
- Josh B discussed next steps for the release of Guidance Document v1.1.
 - o Document will be finalized and produced in PDF format.
 - o Document will be uploaded to the GitHub website
 - o Josh will email the Document to Matt Downey for upload to the CC portal. A news post on the CC Portal will also be requested.
 - o A request will also be made for the CC in the Cloud page on the CC Portal to include a link to the newly posted document.
- Erin C submitted 3 fatal flaw issues into GitHub (Issue #186, #187, #188), he briefly described these issues.
 - o Brandon H implemented changes to address Issue #186 & #187 and closed the issues.
 - o Issue #188 will remain open for future review.
- A meeting with BSI (German Scheme) was held yesterday to review our responses to their feedback.
 - o All responses were accepted and no additional requests for changes were received.
- Josh confirmed that once Version 1.1 of the Guidance Document has been published, work will begin on the Australian Scheme comments and feedback.
- Jade S informed members on the call that CNSSP 11.0 has been published.
 - o From Section IV (Policy), paragraph 5:
"All COTS cybersecurity and cybersecurity-enabled IT products, and services, acquired for use on or to protect NSS and the information therein shall comply with the requirements of the NIAP program in accordance with NSA-approved processes and, where applicable, the requirements of the Federal Information Processing Standard (FIPS) Cryptographic validation program(s)."
 - o Contains specific reference to "Services", which is interpreted as including cloud.

CC in the Cloud Technical Community (Cloud-TC) – Meeting Minutes

- Also reviewed Section IV (Policy) paragraph 6 and discussed the applicability of SBOM's with respect to "supply chain illumination".

Questions/Follow-ups:
