

CC in the Cloud Technical Community (Cloud-TC) – Meeting Minutes

7:43 AM PDT 5/27/2026

Call to Order: 0805
Meeting Lead: Joshua BRICKMAN
Attendees: 11
Member Roster: 74 (-1)
Next Meeting: Wednesday September 9th, 2026

Highlights:

- Josh B has been nominated into the CCUF Management Group.

Old Business:

- Review of previous meeting minutes by Garrett N.

New Business:

- Josh B has been nominated into the CCUF Management Group.
- Brandon H provided an update on the new DBMS Cloud Module.
 - o Comment period for Cloud-TC has concluded and no major issues have been reported.
 - o Once the DBMS iTC comment period has concluded and all updates have been implemented, the DBMS iTC will conduct a voting period to approve the official public release.
- Justin F discussed an update to be included in the next version of GPOS PP that references Cloud guidance and potential use cases for Cloud systems and deployments.
- Discussion around next steps for this TC and review of outstanding issues in GitHub.
 - o Reviewed Issue #119 '*CPU Equivalency*'
 - Issue closed due to inactivity, but will revisit if this changes in the future.
 - o Reviewed Issue #129 '*Additional Security Problem Definition considerations – deployment automation*'
 - Issue closed and tagged '*wont fix*' as the group believes this work is not needed to enhance the guidance doc and is already being implemented at the PP level.
 - Will revisit if the market demands this guidance in the future.
 - o Reviewed Issue #138 '*TOR section 6.3 Code of Conduct ISO publication change*'
 - Issue to remain open, will fix.
 - o Reviewed Issue #145 '*Key Persons Doc minor editorial edits*'
 - Issue to remain open, will fix
 - o Reviewed Issue #150 '*German Scheme Feedback: TOE Identification*'
 - Issue closed and tagged as '*wont fix*'.

CC in the Cloud Technical Community (Cloud-TC) – Meeting Minutes

- Reviewed Issue #154 *'German Scheme Feedback: Identify the SFR Impact on Cloud Deployment'*
 - Issue closed as this issue was a clarifying question from BSI which has been addressed and no further changes to Guidance are needed.
- Reviewed Issue #159 *'German Scheme Feedback: Determine Impact on SARs, 3rd issue'*
 - Issue closed and tagged *'wont fix'*.
- Reviewed Issue #161 *'German Scheme Feedback: Security Problem Definition'*
 - Discussion on threats and assumptions being dependent on implementation and technology type. As such, the Guidance gives PP authors information on what considerations to make in this regard and the Cloud-TC will not be prescribing these details.
 - Issue closed.
- Reviewed Issue #162 *'German Scheme Feedback: Key Takeaways'*
 - Issue closed, as no changes are necessary to address this comment.
- Reviewed Issue #166 *'German Scheme Feedback: Vulnerability Assessment Methodology'*
 - Issue to remain open.
- Reviewed Issue #191 *'Cloud Eval Guidance for Network Devices (NDcPP-aligned)'*
 - Issue will remain open to facilitate further collaboration and support for the iTC.
- Next meeting will be rescheduled to mid September, prior to ICCC, to accommodate reduced membership availability during the summer months.
 - Josh will send out a new meeting invite to officially schedule the next meeting.

Questions/Follow-ups:
