Discussed plan for finishing German feedback.

We finish triaging the issues (there are 10 remaining). Based on how these are going I feel like we could be done by mid September.

4. Put the revised version up for a vote
5. CC page posting on [publications](#) page of CC portal
6. Declare victory and then start to work more closely with ITCs and NIAP to update PPs

NIAP is ok with this plan per a separate email. Will need to invite Germans via NIAP
